Subject: revised glyphosate Q+A after team comments
Glyphosate updated Q+A for AA confirmation 8.16.17 evening after team comments.docx

This is the most recent version of Q+A after team comments. With 1 monarch question added back in. And 1 new question about the Poison Papers. New Qs are highlighted.

There are previous versions of the Q+A (if you need them), as well as ALL older press responses in the G drive at this link: **G:\Chemicals D to G\Glyphosate\FEAD communications stuff**

You should be able to search for all the Q+A docs by typing in “Q+A” in the search box.
There is a huge volume of material in there.
